

# A Four Part Christmas

A Four part Christmas is an alternative way of giving & receiving . It can also help us think about the true meaning of Christmas. This is how it works:

Something to READ

Something you NEED

Something to WEAR

Something you WANT (not a big item eg PS4)

Calculate the cost of a 4 Part Christmas for you & brothers sisters. Then find the difference between this and average spent on a child in UK in 2016 (£240.)

Find alternative ways this money might be spent for charitable causes or for people less fortunate than you.

Some suggested Websites are:

<https://www.sightsavers.org/fundraising-and-donations/>

<https://www.oxfam.org.uk/donate>

<https://scotland.shelter.org.uk/donate>

<https://donate.salvationarmyappeals.org.uk/b/my-donation>

<https://www.savethechildren.org.uk/donate>

You can also look at other charities that are close to your heart.

**Give a detailed account of your spending and provide reasons for your choices.**
